About Our Company

H. Navell Garcia learned the craft of sandblasting from his father, Navel Garcia. The company was founded in 1988 and will celebrate 20 years of operations and a proven track record of a family owned and operated Austin based business.

Core Business & Strength

The majority of Aus-Tex Sandblasting & Coating, Inc. business focuses primarily on commercial applications and projects from a broad variety of clients that range from the government sector to private industry, and occasional non-commercial customers.

Specialty & Custom Applications

Unusual requests are our specialty and gives us the opportunity to flex our broad range of capabilities. No job is too big!

- Interior limestone walls under the Capital Building required walnut shells to avoid pitting the soft historic surfaces.
- 14 Moonlight Towers in 4 sections each with 1,180 parts to sandblast, prime & repaint.
- Refinish Victorian cast-iron urns and water fountain at the Governor's Mansion

- Sandblast & stabilize Red River St. Bridge over Waller Creek at Austin Convention Center.
- Cleaning Tom Miller Dam turbines with crushed corncob to avoid pitting copper parts.
- Exterior & interior restoration of Sixth Street entertainment district buildings.
